

STUDENT ERA

Online Virtual Internship

Important points to be noted :

1. There are **five tasks** in total, and you must complete **any three of them**. These three tasks are necessary for meeting the requirements of your program.

Note: Completing less than three tasks may result in a penalty or disqualification from the program.

2. Make sure to **submit your projects before the due date**.
3. Once the deadline has passed, **late submissions will no longer be accepted**. Any project submitted after the deadline may not be considered for evaluation.
4. If you miss the deadline, your student ID may be **terminated** from the system.
5. Please follow all the instructions carefully for each task. If you do not follow the task guidelines, your submission may be marked as incomplete or incorrect.
